END RULE OF TRAITORS

Elect Men Who Pledge to Abolish Federal Reserve, End U.N., and Uphold States' Rights

THE THREE MUSTS

FOR SALVATION OF OUR COUNTRY:

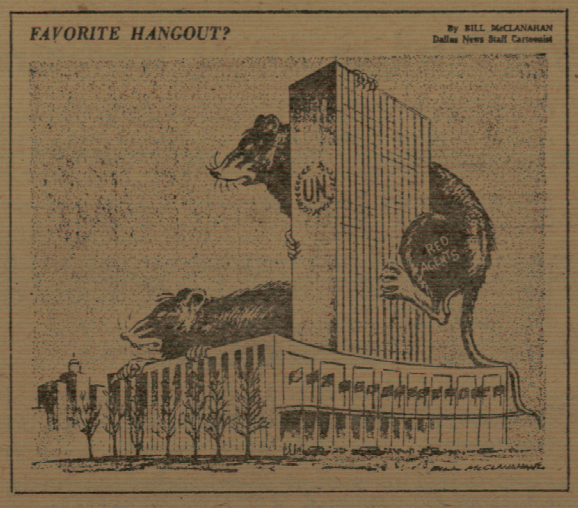
During the next several months practically every member of the House of Representatives will come to you for your vote for re-election in November . . . also one-third of the Senate. What these men will do in the months before the election, and in the months after the election, can mean the LIFE or DEATH of our nation . . . That is not just a "figure of speech" — it is a FACT . . . the LIFE of our Nation depends upon it . . . which means it depends on **YOU, the VOTER !**

Ever since 1913, beginning with Woodrow Wilson, practically every man we've elected into the White House has betrayed our Nation . . .all at the behest of the One-World Conspirators, the International Bankers, now revealed as the "Council on Foreign Relations." During many of those years many of the men we elected to both Houses of Congress have, willingly or unwillingly, collaborated in those betrayals. Since 1954 our U.S. Supreme Court, headed by Earl Warren, has viciously and brazenly joined in the Conspiracy—doing their utmost to destroy our Constitution! Following are three (of many) heinous acts of treason they (collectively) committed:

Treason Act No. 1

First, bear in mind that all rights and powers to regulate our entire money system was delegated to Congress by our Constitution . . . But, in 1909 a group of International Bankers, headed by Jacob H. Schiff, Warburg, Lehman, J.P. Morgan, Drexel, Biddle, Rockefeller, and others, such as Senators Carter Glass and Nelson Aldrich, met secretly at Jekyl Island, Georgia. Their objective was to create a Federal Reserve System for the United States. But, actually, it was a plot to take our money system out of the control of our Congress and transfer it to a group of private individuals, the International Bankers—and thus enable them to loot (steal) the wealth of our nation. Now: those Conspirators knew that even if they could get a majority of Congress to pass their "Federal Reserve Act," which they couldn't have accomplished in those years, that the then President, William Howard Taft, would promptly have vetoed it. So they waited until 1913, when they got their man, Woodrow Wilson, into the White House. Then, at 4 p.m. on December 24, when all but three Senators had left for home for the Christmas holidays, they called those three into "Session"—they didn't even bother to call it a "quorum"—and and "submitted" the "Federal Reserve Act," now commonly referred to as FED. Two of the Senators, Carter Glass and Nelson Aldrich "voted aye," and the "Act" was passed —and within an hour of that Christmas Eve, Wilson signed it into law! And ever since then the gang that owns the Federal Reserve Banks, many of them foreigners, whose names are unknown and never mentioned, have been looting us of all our wealth . . . That "Federal Reserve Act" must be repealed —and it is up to YOU, up to every American voter, to demand that your Representative and Senator publicly pledge to submit and to support such a REPEAL BILL !

Get the U.S. Out of the U.N. And the U.N. Out of the U.S.



Treason Act No. 2

In 1945, with just two exceptions, Senators Langer and Shipstead, our entire Senate signed the the UN Charter as a "treaty" with the "United Nations," despite the fact that under our Constitution the U.S. can enter into "treaties" only with sovereign nations —and it has never been even a pretence that there is anything sovereign about the UN—that it is nothing but a group of agents of Communist nations, a few Free Nations and some rag-tag Asian and African headhunting and Cannibal Tribes, whom the UN transformed into "nations" and provided each one with a vote equal to our single vote. Thus, we are always outvoted, and today our country is "governed" by the "United Nations." If you have even a remote doubt about the frighteningly horrifying death grip the UN has on the U.S. get a copy of "UN Is U.S. Cancer," (available from C.E.G.). Every day of life for the UN brings the U.S. a day closer to death! . . . Congress MUST get the U.S. out of the UN—it is up to YOU, up to every American voter to demand that your representative and Senator publicly pledge to submit and to support a bill for that objective . . . Furthermore, a Congressional, open-to-the-public Review of the UN Charter and all UN activities since 1945 will completely unmask the entire conspiracy and the names of

FREEDOM . . .

They are slaves that fear to speak
For the fallen and the weak,
They are slaves who will not choose
Hatred, scoffing and abuse,
Rather than in silence shrink
From the truth, they needs must think;
They are slaves who dare not be
In the right with two or three.

BANKRUPTCY OF JEW RULE

Jews and anti-Semites have one myth which they share in common: both tend to represent the Jew as a superman. The Jews say that they are a special kind of aristocrats, a WUNDERKIND who have achieved "supremacy" through their superiority over ordinary mortals, who are leading mankind toward utopia. The anti-Semites represent the Jews as a practically unbeatable race of evil supermen. Henry Ford raised this question in his book "THE INTERNATIONAL JEW." Is the Jew really a superman, whom it is useless for ordinary mortals to resist?

A great many of the Jews I know are practically complete meatheads. They are always wrong about everything except prices in the drygoods business or the pawnbroking business. A Jewish boy who is born a cretin or a moron may fail even in the drygoods business. In that case, he will enter the literary field, and, in the Jew-run publishing racket, will become a best-selling novelist. Jews are natural-born bazaar-keepers, pawnbrokers, and peddlers. They are absolutely incompetent in the fields of statecraft, literature, art, and politics. It is their misfortune, and ours, that in America they have strayed rather wildly into fields in which they are not qualified. As possessors of the money power, they are the DE FACTO ruling class of the richest nation in the world. Yet they are not qualified power-holders; they are not competent rulers. Under their misrule, this nation has drifted into a position of mortal danger. The Jews have no ability to rescue either themselves or us from this danger.

To be ruled by Jews is an automatic disaster for a Gentile nation. The defect of the Jew, as a power-holder, is basic and fundamental. He suffers from a fractured and defective form of human consciousness; he is not well oriented toward reality. Therefore, he constantly generates schemes which superficially may look brilliant or at least clever, but which in actual practice are non-functional. The Jew is a utopian, and the utopian is always really suicidal. The Jew is incapable of pursuing social goals which lie within the limits of possibility; he is always attempting the impossible; therefore, he will fail.

What, exactly, are the Jews attempting?

David Ben Gurion is a spokesman whom the Jews cannot easily disavow. In 1962, Ben Gurion issued a statement which sums up Jewish aspirations nicely. He predicted, "the cold war will be a thing of the past. Internal pressure of the constantly growing intelligentsia in Russia for more freedom and the pressure of the masses for raising their living standards may lead to a gradual democratization of the Soviet Union. On the other hand, the increasing influence of the workers and farmers, and the rising political importance of men of science, may transform the United States into a welfare state with a planned economy. Western and Eastern Europe will become a federation of autonomous states having a socialist and democratic regime. With the exception of the USSR as a feder-
